

• REMOVABLE CONNECTORS

Features

- Composed of copper bar and insulator (es) resin
- Simple - to protective earth
- Double - for ground protection service more

Reference

Simple
Double

• BUS INSOLATER

Description	Reference
poliester insulator 25/M6	SB-1
poliester insulator 35/M8/M10	SB-2
poliester insulator 45/M10	SB-4
poliester insulator 50/M10	SB-5
poliester insulator 60/M12	SB-6
poliester insulator 75/M12	SB-75

• TERMINALS FOR LOW VOLTAGE POWER TRANSFORMERS

Features

- For monopolar cable connections to the terminals of the transformers
- Glass in cast brass and steel fasteners
- Material: According to DIN 43675

Nominal power (kVA)	Connector to the trans. Rosca Ø (mm)	Nº holes of patola/Ø (mm)	Nominal intensity A	Dimensions (mm)			Reference
				A	B	C	
250/400	M20	2/14	630	60	30	M20	TTP1
630/100	M30x2	2/14	1000	60	60	M30	TTP2
